Backend & Databases: Node.js, Express.js, Python, Django, Flask, PostgreSQL, Prisma ORM

Tools & Platforms: Git, GitHub, Playwright, Vercel, Netlify, REST APIs, Web Accessibility (a11y)

PROFESSIONAL EXPERIENCE

Frontend Developer
July 2025 – Present

BNR Cogniitec Private Limited – *Coimbatore, India*

- **End-to-End Frontend Architecture:** Independently engineered and launched full-scale frontend architectures for live production websites, including Exceed NetSec (exceedme.com) and Skillorea (skillorea.com).
- **Component Design & Reusability:** Developed scalable, modular UI component libraries utilizing React.js, Next.js, and Tailwind CSS to ensure brand consistency and code maintainability across 4+ live domain platforms.
- **API Integration & Performance:** Integrated dynamic REST APIs with backend services to drive real-time data flow, while optimizing asset loading to enhance cross-browser performance and core web vitals.
- **Project Execution:** Contributed as a core Frontend Developer on 5+ simultaneous web applications, delivering over 10 responsive landing pages designed for high conversion and UX optimization.

Software Developer
April 2023 – January 2025

Praxio IT Consulting Private Limited – *Coimbatore, India*

- **Web Application Engineering:** Architected and deployed the official Praxio web application using React, Next.js, TypeScript, and Tailwind CSS, leveraging Vercel for continuous integration and delivery.
- **Backend & Data Integration:** Built scalable micro-services and data pipelines using Node.js, Express, Prisma, and PostgreSQL.
- **Specialized System Development:** Developed a real-time Vehicle Tracking & Identification System (TVDS) combining Python, Django/Flask, and OpenCV for license plate recognition and violation monitoring.
- **Quality Assurance:** Implemented end-to-end automated testing suites using Playwright to ensure application reliability and performance standards.

INTERNSHIPS & CERTIFICATIONS
